**Subject:** Squarepoint Capital-8th March-2025-Interview Confirmation Email

**Application Code: DD/QD- Python**

Dear Abhishek,

I am writing to invite you for an interview on **8<sup>th</sup> March 2025**. We were impressed by your Application/ Hacker Rank Test and believe that you would be a great fit for our team.

The interview will be conducted **Face to Face**. We will discuss your work experience, skills, and qualifications in-depth and provide you with more information about the position and our company.

Interview Details are below:

[Royal Orchid Hotels Ltd. \(Floor C\)](#)

#1, Golf Avenue, Adjoining KGA Golf Course,

HAL Airport Road, Kodihalli, Bangalore 560 008 Karnataka.

Google map Link: <https://maps.app.goo.gl/Mv7GuzHGpkmDPZVN8>

Date: 8<sup>th</sup> March 2025

Time: Please arrive between-10AM to 10.30 AM

*Please keep yourself available on 8th March 2025 so that we can finish all rounds of interview for you.*

*I am also mentioning the Hiring Day expectation below in the Email for you to prepare better.*

## **Python Hiring Day Expectations : (In case you are Python Developer)**

### **Technical Rounds (Rounds 1-2)**

#### **1. Python Coding Exercise :**

- A pair-programming session to build small features with specific requirements.
- Questions will focus on data structures, algorithms, and problem-solving in Python.

#### **2. Core Python Knowledge :**

- Focus on Python, relational database systems, operating system fundamentals, and networking concepts.

#### **3. General Problem-Solving :**

- Evaluate your general coding proficiency and problem-solving abilities in Python.

### **Technical/System Design Round (Round 3)**

*Only if you have relevant experience*

#### **1. System Design Exercise :**

- Assess your ability to design, optimize, and create scalable systems.
- Focus on high-level design, understanding of various technologies, database systems, and trade-off analysis.

### **Hiring Manager Round**

#### **1. Deep Dive into Technical Experience :**

- Explore your technical knowledge, expertise, and how you've applied them in past roles.

#### **2. Project Overview :**

- Highlight significant recent technical projects, your approach, and outcomes.

#### **3. Culture Fit :**

- Evaluate how well your values and working style align with the company culture.

#### **4. Q&A Opportunity :**

- An opportunity for you to ask questions about the role, the team, or the company.
-

## Front End Hiring Day Expectations : (In case you are Front-End Developer)

### Technical Rounds (Rounds 1-3)

#### 1. React Coding Exercise :

- A pair-programming session to build a small application with specific requirements.
- Focus on assessing your React expertise, understanding of browser APIs, TypeScript, and their practical application.

#### 2. JavaScript Coding and Problem-Solving :

- Testing your general coding ability and problem-solving skills using JavaScript.

#### 3. Full-Stack Role (if applicable) :

- A Python-based pair-programming exercise to build small features with specific requirements.
- This may include questions to evaluate your understanding of data structures and algorithms.

### Hiring Manager Round

#### 1. Deep Dive into Technical Experience :

- Discuss your technical background and relevant skills in detail.

#### 2. Project Overview :

- Share insights into recent technical projects you've worked on, focusing on your contributions and impact.

#### 3. Culture Fit :

- Assess how well your working style and values align with the company culture.

#### 4. Q&A Opportunity :

- A chance for you to ask questions about the role, team, or company.

You can expect combination of both incase you are Full stack Developer

We want to ensure that you have a comfortable experience during the interview process , so if you need any special requirements, please let us know and we will do our best to accommodate you.

Thank you for your interest in our company, and we look forward to meet you.

Regards,

Asis Goswami
